

DESCRIPTION:

Hannay Reels is no longer cupping reel discs. Older reels may have discs that are cupped or non-cupped. **When ordering replacement parts (ie: discs, hubs, or spacers) you must specify serial number and whether you have a reel with cupped or non-cupped discs, these parts are not interchangeable.** This technical service bulletin will help you identify cupped versus non-cupped discs.

Example:

Cupped discs on a 1 1/2" reel

Example:

Non-cupped discs on a 1 1/2" reel
