**Hannay Reels Showcases Support for Landscaping Industries  
at Equip Exposition 2024**

Westerlo, N.Y. – Hannay Reels will present its full line of custom hose and cable reel solutions designed for landscaping and other grounds maintenance applications at the Equip Exposition in Louisville, Kentucky.

Located in booth 3040 in the Kentucky Exposition Center, Hannay will feature durable, easy-to-maintain reels engineered for rugged use. They are ideal for a broad spectrum of landscaping operations, including water supply, air/pneumatic tool use, electric cable deployment, washdown/pressure washing, pest control, fertilizers and numerous other functions.

Hannay will exhibit the following reels at the Equip Exposition:

- **[SNC Series](#)** non-corrosive manual- and power-rewind hose reels with a low profile and lighter weight
- **[N700](#)** spring-rewind hose reels with a narrow frame and compact mounting base
- **[1000](#)** compact manual rewind hose reels with different bases for simplified installation
- **[1500](#)** heavy-duty manual- and power-rewind hose reels capable of handling pressures up to 10,000 psi
- **[GHAT1100](#)** portable hose reels with oversized pneumatic wheels and specially designed for garden hoses

The Equip Exposition 2024 will be held from October 15 to 18, 2024. For more information on Hannay's portfolio for landscaping applications, visit [www.hannay.com/en-US/industry/grounds-maintenance/](http://www.hannay.com/en-US/industry/grounds-maintenance/).
