Hannay Reels Promotes Solutions for Heavy-Duty Mining Applications at MINExpo 2024

Westerlo, N.Y. – Hannay Reels will present its line of heavy-duty mining reels at MINExpo 2024 in Las Vegas. These include air/water hose, cable and gas welding reels made with heavy-gauge steel and equipped with exclusive features such as ribbed discs and dual-frame support.

Additionally, Hannay offers complete reel packages on select models that ship with pre-installed hoses and cables ready to work in mining operations.

Hannay will exhibit the following reels at booth 10655 in the West Hall at MINExpo:

- **[N700](#)** spring-rewind hose reels feature a narrow frame and compact mounting base.
- **[3500](#)** manual-rewind reels provide an economical alternative for light-duty applications.
- **[900](#)** spring-rewind hose reels are ideal for bulk transfer, fuel dispensing, suction and discharge.
- **[N400](#)** spring-rewind gas welding reels are configured with a declutching arbor to prevent damage from reverse winding.
- **[WCR11-17-19](#)** manual-rewind portable arc welding reels can be used with single-conductor electrode cable or grounding lead.
- **[N800](#)** spring-rewind hose reels handle standard pressures up to 6,000 psi.
- **[SGCR](#)** spring-rewind grounding reels are designed with a built-in cable hoop and are independently tested to 43 kA for 30 cycles, helping to meet OSHA requirements for vehicle grounding.

MINExpo 2024 will be held September 24-26, 2024. For more information on Hannay's portfolio for mining, visit www.hannay.com/en-US/industry/mining.
